

## 1. WHO WE ARE:

Bitherm Sistemas S.A. was founded in 2009, as a new innovative trading company partner of PURGASA (Purgadores de Condensado S.L), Spanish manufacturer of steam products.

Our main aim is to satisfy customer needs, acting as an expertise technical consultant focused in valves, steam, gas and flow control products. Inside EPC, GAS and power plant markets.

We split our business in two divisions.

Firstly, steam product manufacturing: Steam Traps, condensate & steam manifolds, trap valve stations and our most innovative product, the steam and gas leak detector system Smartwatch.

All of them manufactured, since 1977, under Purgadores de Condensado S.L. and international patents, awarded in prestigious international events. i.e, (gold medal International Exhibition Geneva). Our sales grid is stabilised around the world with distribution agreements in several countries: Saudi Arabia (TANAJIB), India (UNI-KLINGER), Singapore (CHASE RESOURCE MANAGEMENT), Spain (DOMINION, INERCO).

Second, trading business of high performance valves and equipment's. Our sales scope covers on-off & control valves, instruments valves, safety valves and filtration & gas equipment's. We have exclusivity agreements with top level manufacturers in possession of latest quality systems and certifications SO 9001, ISO 14001, PED, ASME, ATEX, etc.

Bitherm Sistemas S.A is formed by a group of professionals highly qualified with a large experience in technical and commercial fields. A background of more than 30 years working together engineering and end users guarantees the best support and easiest way to carry out customer-manufacturer day by day relationships.

## 3. PRODUCTS Y SERVICES:

- Conventional and Intelligent BiTherm Steam Traps and Trap Valve Stations
  - STEAM TRAPS all types: Bimetallics, disc thermodynamic, float inverted bucket.
  - Compact Trap stations with universal connections traps. (TVS)
- Steam distribution and condensate collection manifolds.
- SmartWatchWeb Monitoring Systems of Ultrasound, Temperature, and Pressure
  - Traps electronically monitored (wired & wireless) thru SmartWatchWeb system.
- Electronic Gas Leak Detection and Monitoring Systems
  - Gas & Steam leak detection systems.
- Safety valves and pilot operated safety valves.
  - Process Safety valves acc.to API, ASME, AD MERKBLAAT,
  - Relief valves
  - Pilot operated safety valves
  - Rupture disc
  - Pressure vacuum safety valves
  - Changeover valves.

- ON-OFF & control service valves:
  - Ball valves - Floating, Trunnion, Top-Entry. (Electrical & pneumatic operated).
  - Butterfly valves – Triple Offset Metal Seated (Electrical & pneumatic operated).
  
- High performance valves:
  - Special duty globe control valves.
  - Triple offset butterfly valves
  - Plug valves
  - Pilot operated Check valves
  
- Critical service valves, HF ALKILATYON Refining and HF Alkylation, Power Generation, Chemical and Petrochemical, LNG, Mining and Fertilizers.
  - HF ACID VALVES: Gate valves, Globe valves, Check valves.
  
- Filtration equipment: “Y” strainers, TEE strainers, Basket strainers, Temporary strainers, Multicyclonic filters.
  
- Gas equipments (PGME): Quick Opening / Gas Pressure Regulator Station / Scraper Trap / Filtration Systems / Gas Heaters / Gas Metering System / Pig Indicator.
  
- Survey of steam facilities in refineries and petrochemical plants
  - Technical consulting focused on efficiency, safety and protection for gases and steam facilities.
  
- Turnkey projects and commissioning for implementation of monitoring systems
  - Engineering and construction of monitoring systems
  
- Implementation of the innovative “BiTherm Intensive Maintenance Methodology” applied to Intelligent Steam Traps and Monitoring Systems.

#### 4. MANUFACTURER AGREEMENTS:

MANUFACTURER	TIPO DE EQUIPO / MATERIAL
Bitherm	Steam Traps, Steam manifolds, Trap valve stations. Leak detection systems (SmartWatch and LeakTector)
Sarasin RSBD	Safety valves, pilot operated safety valves.
JC / OMB	Ball valves /Manual operated
OMB	Butterfly valves On –off/Manual operated
Bitherm	Filtration Equipment
Xanik	Valves (HF Acid, alloy, pressure seal, High performance special, Bolted Bonnet, bar stock alloy)
WEIR GROUP (TRILLIUM)	Check valves, high performance valves
PGME Petrole Gaz Maintenance Equipements	Quick Opening / Gas Pressure Regulator Station / Scraper Trap Filtration Systems / Gas Heaters /Gas Metering System / Pig Indicator

#### 5. END USER SUPPLY AGREEMENTS:

MANUFACTURER	TIPO DE EQUIPO / MATERIAL	CLIENT
BITHERM	Leak detection systems (SmartWatch and LeakTector) & Maintenance steam traps	CEPSA (Huelva)
BITHERM	Leak detection systems (SmartWatch and LeakTector) & Maintenance steam traps	CEPSA (Cádiz)
BITHERM	Wireless ISA100.11a steam trap monitoring and intensive maintenance.	ILBOC (Cartagena)
BITHERM	Audit and Maintenance	REPSOL QUIMICA (Puertollano)
